REGULAR SIEGE IS LAID TO THE
NEGRO'S DWELLING PLACE.Assailants Are Driven Back for
Hours, but Ultimately Kill Him—
The Lawton Racial Conflict.TUSCUMBIA, Ala., April 6.—Three men
are dead, three mortally wounded and
four seriously wounded as the result of Sheriff
Gassaway attempting to-day to arrest Will
Reynolds, a desperate negro.—The Dead.—
HUGH JONES, shot through head.

BOB WALLACE, shot through chest.

WILL REYNOLDS.

—Fatally Wounded.—
SHERIFF CHARLES GASSAWAY, shot
through the arm and abdomen.WILL GASSAWAY, shot through abdo-
men.

F. A. PROUT, shot through stomach.

—Seriously Wounded.—
—PAYNE, shot through chest.

JIM FINNEY, shot through right shoulder.

ROBERT PATTERSON, shot through leg.

JESSE DAVIS, shot through jaw.

All the foregoing casualties, except the
death of Reynolds himself, are the result
of the deadly fire of Reynolds with a 45-
caliber Winchester rifle. The negro was
in his turn riddled and thrown into a fire.This morning at 11 o'clock Sheriff Gassaway
went to a negro settlement, "Knard-
town," to arrest Will Reynolds for obtain-
ing goods under false pretense. The officer
was met by the negro, who opened fire with
a Winchester, wounding the sheriff and im-
mediately firing upon the deputy, Will
Gassaway, who was some 300 yards away,
mortally wounding him.As soon as possible every man in town
who could procure a gun was in the neigh-
borhood, and owing to the location none
dared to venture within the open space.
Dynamite was procured, and the house in
which the negro was barricaded was fired
upon, but to no effect. At 1 o'clock Captain
Simpson, of the Wheeler Rifles, arrived
with twelve guns and 1,000 cartridges,
which were distributed among twelve
picked men. This company was stationed
around the house and riddled it, but the
negro had taken refuge in the cellar and
returned the fire, killing Jones and wound-
ing Finney. Coal oil was then procured
and after four hours of hard work the
house adjoining that in which the negro
was located was fired. About 8 o'clock
the house in which the negro was located
was fired by the Wheeler Rifles, who had
arrived on the scene. The negro took
refuge in a shed and opened fire, killing
Wallace and wounding Davis, but the posse
and militiamen riddled the negro, and
the crowd, numbering 1,000, seized the
body and threw it in the burning building.
Wallace, who was killed, was closing in
on the negro, who shot him through the
body. His body fell in the burning debris,
but was recovered. Davis, Wallace and
Falkner were the men who fired the build-
ing.Raiders cut off the negro's fingers
and such parts of the body as could be
procured. Three houses were burned in
the effort to reach the negro.Several horses were killed in the battle.
To-night it is reported that the sheriff
and his brother have no chance to live.
So deadly was the negro's aim that it
was possibly an hour before the body of
Frost could be recovered. Not a shot was
fired by Reynolds that did not hit when
those whom he was firing upon were in
the effort to reach the negro.

YOUNG NEGRO LYNCHED.

Taken from Jail by a Virginia Mob,
Hanged and Shot.LYNCHBURG, Va., April 6.—James Car-
ter, a young negro, who shot and seriously
wounded Don Thomas, near New Glasgow,
in Amherst county, on Thursday night,
was taken from jail at Amherst courthouse
last night just before midnight and
lynched.A party of men, estimated at 200 and
supposed to have come from the neighbor-
hood of Clifton, seven miles away, where
Mr. Thomas lives, rode into Amherst last
night. All were masked or had their faces
blackened. When Jailer John Jones left
the jail for his home several members
of the lynching party made him surrender
the keys. The men secured Carter, took
him a half-mile north of the village,
hanged him to a tree and fired thirty-five
bullets into his body.The shooting of Thomas by Carter was
the result of an accusation said to have
been made by the former that Carter had
set an out-house on fire. He had been sent
to jail to await the action of the grand jury.

PEACE STILL REIGNS.

But Trouble Is Feared at Lawton To-
Day—Many Negroes Leave.GUTHRIE, O. T., April 6.—April 6, the
last day set for the negroes to remain in
Lawton, O. T., passed with no direct at-
tacks on the colored people, but to-mor-
row is awaited with ominous silence. Many
of the negroes have left, stating that they
were not able to receive protection. A
number, however, are determined to re-
main. Some own property and some are in
business, and it is this class that is di-
viding the sentiment of the white people of
the city and vicinity. Still expect trouble
and have organized matters as well as
possible to preserve order. One hundreddeputies have been sworn in and an at-
tempt will be made to control the situation,
however serious it becomes.
The Governor received notice to-night
that there was no change in the condi-
tions since yesterday. It is the business
element of the city that is asking protec-
tion from mobs. The Governor again
stated today that if necessary he will use
extreme means to thwart any lawless
action, and he has the proffered assistance
of the federal authorities also.

Deputy Sheriff Dies.

MACON, Ga., April 6.—Deputy Sheriff
John W. Bennett, who was shot on Satur-
day night by David Rice, son of a promi-
nent citizen, the latter using the former's
own revolver, died this morning.

FRENCH EDITOR ARRIVES.

Head of Paris Le Matin Will Travel
Through the United States.NEW YORK, April 6.—Brunet Varilla,
president of Le Matin, of Paris, was one
of the first-cabin passengers who arrived
here to-day on the French liner L'Aquila.
He comes for a rest from journalistic
labors and will devote several weeks to a
tour of the country."I have nothing to say that will interest
the public," he said, "I have always taken
a deep interest in this country and have
long wished to see it for myself. This is
my first visit here, and I intend to make
the most of the time at my disposal. My
brother is in this country, and to get where
he is I have been down to my desk. I
want to visit Washington and see how your
government is administered. I have read
much of the sessions of the Senate, and I
hope to have an opportunity to witness one
of its debates. My visit is purely one of
pleasure. I have been down to my desk so
closely of late that my health was giving
out under the strain, and when my physi-
cian ordered me to take a rest, I thought
the best way to comply with his orders
was to make my long-planned visit to
this country."

ELECTIONS IN OHIO.

Cities and Townships Will Vote To-
day on Local Issues.CINCINNATI, April 6.—Municipal and
township elections will be held throughout
Ohio to-morrow. In this city the contest
between W. H. Jackson, Democrat, and
Howard Ferris, Republican, for Superior
Judge is the only issue. In other cities
of the vicinity the election is for mayor
and other city officers as well as the usual local
positions.No national or State questions are in-
volved anywhere, but in some localities
delegates to congressional and other con-
ventions are chosen by popular vote. As
the apportionment bill is still pending
in the Legislature, there is uncertainty as
to the boundaries of some of the congres-
sional districts.

Special to the Indianapolis Journal.

LAPORTE, Ind., April 7.—At 1 o'clock this
(Monday) morning Chesterton made an
appeal to this city for help, and a special
train carrying a part of the fire department
is now on its way to the stricken town.
Chesterton is twenty-two miles west of this
city on the line of the Lake Shore Rail-
road. It has a population of about 1,500.Eight business houses are in flames, and
the high wind is carrying the fire to all
parts of the town. The place has no sys-
tem of water works, but a steamer has
been sent to the town from Michigan City
and water is being pumped from Coffee
creek. Late advices here confirm the report
received at midnight that there is little hope
for the business part of the town, and the
residence portion is also believed to be
doomed. The loss is estimated at \$100,000.The reflection from the fire is plainly
visible in this city, and the fire is burning
continuously, with occasional flashes of
brilliance.At this hour the Chesterton fire
is said to be under control, with large
additional destruction of property. Nothing
is known of the losses.

POLICEMEN ACQUITTED.

They Had Been Accused of Buying
Drinks for Minor Girls.

Special to the Indianapolis Journal.

TERRE HAUTE, Ind., April 6.—The Police
Board last night, after hearing testi-
mony, acquitted the two policemen accus-
ed by the young daughters of Mr. Case Wad-
ley of buying beer for them. There are four
of the daughters, all under eighteen years
of age, and recently their escapades were
brought to public notice through the as-
sault of a girl of fifteen found drunk on the
steps of a church. Then came the exposure
of the fact that the two policemen had
been buying beer for them.

eration, left this afternoon for Philadelphia
to meet with the Independent window glass
manufacturers. From there he will go to
New York to meet with the Independent win-
dow glass and the American Window Glass
exchange building.At this meeting the jobbers are expected
to place an order for 50,000 boxes of win-
dow glass at prices from \$5 to 10 per cent.
higher than those on the last order. The
order is to be divided equally between the
trust and Co-operative Federation.

Request.—Dr. Thwing's Comment.BERLIN, April 6.—"This request shows
the wide reach of Cecil Rhodes's mind and
his vision of the future," said Emperor
William to Dr. von Lucanus, the chief of
his Majesty's civil cabinet, who alluded to
the will of Mr. Rhodes during an audience
with the Emperor yesterday morning.The request was made by Cecil Rhodes
in a recent document. Mr. Rhodes's
will was then pointed out to his Majesty that
Mr. Rhodes, while leaving precise direc-
tions as to the selection of the beneficiaries
of the Rhodes scholarships in other coun-
tries, the selection of the beneficiaries of
the fifteen scholarships set aside for
Germans had been left to the discretion of
Emperor William.The bequest of Mr. Rhodes are regarded
at court as constituting an enduring im-
pulse to good feeling between Germany,
Great Britain, the United States and the
colonies of these countries, and as giving
more substance to the grouping of the
Teutonic powers."The earth belongs to the vital, living
people, and they should not be burdened
with inefficient powers check advancement,"
is another utterance attributed to the German
Emperor when his Majesty was speaking of
Prince Henry's trip and the need of a bet-
ter understanding with the United States.The inclusion of Germany in Mr. Rhodes's
aims, as set forth in his will, has brought
out some moderate expressions concern-
ing his imperial purpose from some of the
Anglophobe journals, although most of the
commentators on his purposes hold him re-
sponsible for the Boer war minister."Emperor William is said to have exclaimed
after an interview with Cecil Rhodes in
1884. This remark is now widely reproduced
and it enables the opposition paragraphists
to revile the present Ministry.

President Thwing's Opinion.

CLEVELAND, O., April 6.—Concerning
the bequest of Cecil Rhodes for college
tuition for young men, President Charles
F. Thwing, of Western Reserve University,
said to-day:"The bequest of Cecil Rhodes is signifi-
cant of the increasing power of education
for the organization and betterment of
humanity. This power has rapidly in-
creased in recent decades. Mr. Rhodes's
bequest is at once a sign and cause and a

Cecil Rhodes's splendid idea.
A member of Oriel College approved Mr.
Rhodes's plan, and especially only likely
to lead to other benefactions, particularly
from America. This Orielian also referred
to the fact that Mrs. Rhodes's plan would
prove expensive to the university, which,
he said, was already poor.The Times' editorial on the reception
of Mr. Rhodes's plan abroad says:
"It is unnecessary to discuss the political
aspects of the scheme, as it indicated Mr.
Rhodes's aspirations for a better under-
standing between England, America and
Germany, but it cannot be doubted that
the effect of the change on Oxford itself
will be far reaching, and it is hoped, invigorat-
ing. The influx of Americans and Ger-
mans will tend to quicken the intellectual
life.""Owing to the absence of most of the
authoritative men from Oxford at the pre-
sent moment," says the Times, "it will be
impossible to get an expression of uni-
versity opinion on the subject now, but
doubtless the trustees have many important
points to decide under the large discretion
of the donors."The Times considers that if Lord Rose-
bery would accept the presidency of the

PHILIPPINE CONDITIONS.

They Are Reported as Generally Im-
proving—Many Cases of Cholera.MANILA, April 6.—Gen. Jacob H. Smith,
commanding the American forces on the
island of Samar, has arrived here to test-
ify in the case of Major Walker, of the
marine corps. General Smith said he con-
sidered Guerrera, the rebel leader in Samar,
who is to surrender on April 15, a man of
energy and intelligence, and that the ar-
mistice in Samar had been generally kept.
Conditions in the provinces of Balangue-
ran and Laguna, Luzon, are satisfactory and
rifles are being turned in. There has been a total of 196 cases and
119 deaths from cholera here since the
disease first broke out.
